

NATCO INGREDIENTS POLICY STATEMENT WITH REGARD TO IRRADIATION

FSMANQPOL/3.0 Version 2 Date: 21.5.07

Natco Ingredients do not knowingly supply materials that have been subjected to irradiation.

Materials are purchased from approved suppliers who confirm their products have not been irradiated.

Should specific guarantees be required, this can be arranged and ingredients can be tested prior to delivery on a case by case basis. Should you have any questions, please contact ourselves on the contact details below.

Customers will be alerted immediately of an issues relating to the presence of irradiated materials in product being handled by Natco Ingredients Ltd.
